## **SPECTRUM AEROMED HIRES TAMMY ENRIGHT AS OFFICE MANAGER**

**Fargo, N.D. (Aug. 13, 2008)** - Tammy Enright has joined Spectrum Aeromed as office manager. In her new role, Enright is responsible for the primary management, oversight and leadership of the Spectrum Aeromed business office, including the day-to-day management of accounting, marketing and IT.

“We are pleased to welcome Tammy to our team,” said Dean Atchison, president and CEO of Spectrum Aeromed. “Her depth of experience in marketing, accounting and business management will be an incredible asset to the Spectrum Aeromed office, especially as we continue to grow this year.”

Prior to joining Spectrum Aeromed, Enright was a senior administrative analyst for the Midwest Division of Bank of the West where she also held administrative assistant positions during her tenure. Before that, she worked at Carlson Marketing Group and North Dakota State University.

Enright holds bachelor’s degrees in speech communication and geography, with an emphasis in travel and tourism, from St. Cloud State University in St. Cloud, Minn.

### **ABOUT SPECTRUM AEROMED**

Founded in 1991 and acquired by Dean Atchison in 2007, Spectrum Aeromed is a leading global designer and manufacturer of customized air medical and air ambulance equipment for fixed and rotor wing aircraft. Its modular, dependable and custom-built air medical equipment is used by all segments of the aviation industry including: charter services, private/VIP operators and royal families of state, emergency medical services (EMS) and search and rescue (SAR) operations, large and small hospitals, corporations and global military and government entities. The company is uniquely qualified for specialized life support solutions, including air, ground or marine support applications. Spectrum Aeromed holds more than 50 Supplemental Type Certificates (STCs) covering 260-plus models of aircraft. Headquartered in Fargo, N.D., Spectrum Aeromed has a staff of 16 and a 14,500 square foot state-of-the-art manufacturing facility.
